Trident Health District
South Carolina Department of Health and Environmental Control

Joe Carroll Chambers, M.D., M.P.H.
District Health Director

334 Calhoun Street
Charleston, S.C. 29401

May 30, 1990

Ms. Fran Wheeler, Ph.D., Director
Center for Health Promotion
Dept. of Health & Environmental Control
2600 Bull Street
Columbia, SC 29201

Dear Fran:

Please be advised that I strongly support the Coalition on Smoking and Tobacco Control in its effort to seek Project ASSIST funding. As you are all aware, the use of tobacco is the number one underlying cause of many serious chronic diseases and premature deaths. We feel that the S. C. Department of Health and Environmental Control and the S. C. Division of the American Cancer Society both have strong records of success and are capable of administering a contract to support such a project.

Rest assured of our participation in this effort in any way we can within the limitation of staff and other resource availability.

With kindest personal regards, I remain,

Sincerely yours,

J. Carroll Chambers, M.D., MPH
Trident District Health Director
and
President, S. C. Chapter of the
American Lung Association
